*** Candidate Special Category Personal Data**

The State Examinations Commission processes special category personal data in the context of making provision for the education of students with disabilities or special educational needs, a statutorily mandated function of the Minister under Section 7 of the Education Act 1998.

The scheme of Reasonable Accommodations at the Certificate Examinations (RACE) facilitates access to the certificate examinations by candidates who would have difficulty in accessing the examination or communicating what they know to an examiner because of a physical, visual, hearing and/or learning difficulty. The scheme provides accommodations for students with a variety of complex special educational needs including learning difficulties as well as permanent or temporary physical, visual, hearing, medical, sensory, emotional, behavioural or other conditions. The National Educational Psychological Service (NEPS) of the Department of Education and Skills is involved in the delivery of the scheme and in the development of RACE policy.

HR Personal Data

The SEC also collects and processes employees' personal data. This is covered in our HR Data Protection Notice
