- d) In the interest of Health and Safety, the volume of a performance must be kept at an acceptable level.
- e) Examiners may, at their discretion, request candidates to stop at appropriate points, and/or, in a group performance where the piece is very short, to play it again. It should be noted that this has no implication whatsoever for the marking of the candidate's performance.
- f) School authorities are advised not to allocate times to candidates as it is not possible to estimate accurately the time at which any practical examination will take place. Please note that a visit by an Advising Examiner for monitoring purposes will cause a delay. This is unavoidable and is essential for the integrity of the examination. **Candidates should be made aware that they will not necessarily be examined at a specific time.**
- g) As this is a performance examination, care must be taken in the preparation of the examination centre. **The examination venue must be in an area of the school that is free from noise or disturbance by other students/intercom announcements.**
- h) The Examiner is precluded from discussing any aspect of the examination with any party. Any queries in relation to the examination should be addressed directly to the State Examinations Commission.
- i) **All** candidates are required to attend a group meeting with the Examiner when he/she arrives in the school. Schools are asked to ensure that candidates are made aware of this requirement, and to provide a suitable room for the group meeting.
