**DOCUMENT 1**

Sarah Golding was poorly and so she stopped her machine. James Birch, the supervisor, knocked her to the floor. She got up as well as she could. He knocked her down again. Then she was carried to her house where she was later found dead in her bed.

There was another girl called Mary who knocked her food can to the floor. The master, Mr. Newton, kicked her and caused her to fail away till she died. There was another, Caroline Thompson, who was beaten till she went out of her mind.

The supervisors used to cut off the hair of any girl caught talking to a lad. This head-shaving was a dreadful punishment. We were more afraid of it than any other punishment for girls are proud of their hair.
